# PUDDINGS

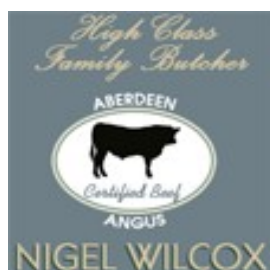

Take a look at the bar or ask us what sweet treats we've got for you this week

We cook everything fresh so this may mean a short wait at times...please be patient with us...it will be worth it!

All of our burgers are made here in the pub using minced steak, smoked brisket and chicken, all from our brilliant butcher next door, **Nigel Wilcox**.

Our brioche buns are exclusively handmade by award winning and wonderful **Flour, Water, Salt**; local artisan bakers.

As well as our wonderful food (and everyone knows how great the beer is) we also offer a full range of hot drinks; Liqueur Coffees, Americanos, Lattes, Cappuccinos, Espressos (all available as decaf if it's getting close to bedtime) Tea, Herbal & Fruit Teas, Hot Chocolate, syrups, cream, marshmallows...

Our little cinema isn't running at the moment, but don't worry, we'll be back. Just sprucing the place up for you!
